Daily allowance to members of the work charged establishment.

Government of Bombay.
Public Works Department.
Resolution No.5817/36.
Bombay Castle, 24th September 1943.

Read Government letter No.5817/36-E, dated the 16th June 1942, to the Superintending Engineers of Circles, etc.

Read replies from the legal officers to the above.

RESOLUTION.- Government has decided that members of the work charged establishment should be held eligible for daily allowance for halts outside their sphere of duty as admissible to corresponding permanent or temporary establishment under the Bombay Civil Services Rules. The expenditure on account of the above is debitable to the 'Works' concerned to which the pay of the work-charged subordinate is debited.

No. 10973 of 1943. Poona October, 12th 1943.

Subject:- Daily allowance to members of the workcharged establishment.

I have the honour to state that as per G.R., P.W.D. No. 5817/36 of 24th September 1943, the members of the work-charged establishment are held eligible for daily allowance for halts outside their sphere of duty as admissible to corresponding permanent or temporary establishment. There is no specific date from which these orders are applicable. In its absence it is presumed that the orders hold good from the

of G.R. xx i.e. fro m 24-9-1943. Please confirm

2. It is also requested to please make it clear whether the members of the workcharged establishment xx are eligible for daily allowance for halts outside their headquarters but within their sphere of dutyxxx is admissible to corresponding permanent or temporary establishment. The wording of the G.R. is not clear on this point as it is worded 'for halts outside their sphere of duty". By the actual appliance of the wording very few people will get the benefit of these orders.

LETTER.

To

The Secretary to Government,
Public Works Department, Bombay.

No. 777 of 1944. Poona, January, 25th 1944.

Subject:- T. A. to Workcharged establishment.

Reference:- Government letter P.W.D.No.5817/36-E dated the 18th December 1943.

The men borne on workcharged establishment pertaining to Boring Section and of the Sanitary Project Sub-Division have to make travelling and halts at various places in the Presidency in connection with the execution of works of this Division. Though the Headquarters of the Boring Section and of the Sanitary project Sub-Division are at Ahmedabad and Poona respectively, the Boring and Survey works actually carried out are located at places far away from the Headquarters. The Boring Staff is actually working at present at Mahableshwar where the Boring work is under operation since last December 1943. Similarly the survey works of water supply and drainage situated at various places such as at Ahmednagar, Bijapur, Islampur and at other places in Gujarat are being carried out. The workcharged subordinates employed on these works have to make halts at these places off and on according to actual requirements of works.

2. In the case of the works pertaining to the two charges of this Division under reference the sphere of duty of the workcharged establishment cannot be determined in view of the fact that the duration of works is indefinite and uncertain. For this reason and also for other reasons as under the workcharged establishment would be entitled to T.A. claim for halts at outside stations.

(a) The pays paid to such workcharged establishment are based on scales of pay admissible to temporary and permanent establishment and as such it does not include provision for tour expenses such as halts at outstations.

(b) Such halts, being uncertain, entail extra expense to these men.

2.....

2. With these considerations in view I request Government to allow me to grant D.A. to members of workcharged establishment posted on works referred to in para 1 above. If the halts exceed more than 10 days at a time 1/2 the rate of D.A. permissible to these men will be granted for a first halt of 30 days in all and for halts more than 30 days no D.A. will be granted.

3. The cost of the additional expenditure will be met from the allotments for work to which this establishment is charged.

2. For the reasons stated the C.P.H.E. requests that the men borne on the work charged establishment pertaining to the Boring Works Section, Ahmedabad and the Sanitary Project Sub-Division, Poona may be granted D.A. for halts at outside stations at the following rates:-

Period.	D.A.
10 days.	At the rate admissible to the corresponding pt. and tempy. estabt. under the B.C.S.Rs.
Exceeding 10 days but not exceeding 30 days.	At ½ the rate -do-
More than 30"	Nil.

3. In G.R.,P.W.D.No.5817/36, dated the 24-9-43, it has been ordered that members of the work charged estabt. should be held eligible for halts outside their sphere of duty as admissible to the pt. or tempy. estabt. under the B.C.S.Rs.

4.....

4. The work charged men are employed for a specific work or job and as soon as that work or job is finished they are usually discharged. Their sphere of duty during the period they are employed on a particular work may therefore by defined as the actual area to which their duties in connection with that work are confined. If they are continued and exempt employed on another work and in consequence transferred from one place to another planes their sphere of duty will automatically change. If during the period of execution of a particular work on which wor required to go out of the sphere of duty as defined above, they ar at which place they are employed they are eligible to get D.A. according to the orders issued in G.H.No.5817/36, dated the 24-9-43.

5. In the circumstances it is for consideration whether the C.P.W.E. may be informed that his request cannot be granted and on the lines of para. 4 above.
whether the C.P.W.E.'s request may be accepted in consultation with the F.D.
